

# AHMED ASHRAF

## ABOUT

Welcome, I am Ahmed Ashraf, 21 years old. I am honored to have my CV read through you. I have been studying programming for more than 5 years because of my love and passion for programming and electronic devices. I learned several languages for self-teaching and implemented several projects. I am eager to learn more and more so that I can Help everyone and finally I would like to thank you for taking the time to read my CV
